## **PolymerCongress2021**

8 and 9 November 2021

NH Koningshof

Veldhoven, The Netherlands

---

Dear sir/madam,

We would like to invite you to support the **PolymerCongress2021**, organized by the Macromolecular Division of the Royal Netherlands Chemical Society (KNCV), the Belgian Polymer Group (BPG) and the Bond voor Materialenkennis (BvM) on **November 8 and 9, 2021, in Veldhoven, the Netherlands.**

### **PolymerCongress2021: Polymer Science Driven Sustainability**

During PolymerCongress2021 scientists from Belgium and the Netherlands gather to discuss frontline research in the field of polymer science. This will be streamlined by a combination of plenary lectures by world-renowned scientists presenting their latest findings, poster presentations of promising students and plenty of time for networking opportunities.

We believe this meeting will serve as an excellent platform for scientific networking and will provide numerous opportunities to set up new research collaborations at both national and international levels.

Your generous sponsorship would be highlighted in the proceedings of the symposium, during the introduction of the conference itself, with a logo and subsite on the symposium website and in the programme booklet. It would also be possible to represent your company by reserving a booth at the conference. For further details, please check the sponsor packages below. You and any other representative of your company would be most welcome to attend so that we could thank you personally for your support.

We would be very appreciative of a response by email to let us know about your interest. Please use the reservation form below to inform us about your interest.

Thank you for your kind attention and consideration with respect to the sponsorship.

Yours sincerely,

On behalf of the organizing committee,

Frank Sekeris

## SILVER SPONSOR PACKAGE

€ 1.000,-

### Company logo

- Digital advertisement on Conference website  
On the website of the PolymerCongress2021 ([www.polymercongress2021.org](http://www.polymercongress2021.org)) there is a special section for sponsors. On this section each of the sponsors will be given a tile with their logo that either leads directly to their own website via an external link or leads to a subpage on which more information is provided via an internal link (until three months after the conference).
- On all print materials  
On all materials that are distributed before, during or after the conference, such as flyers or a program booklet, the logo of the company will be present.
- On the welcome banner at the conference

### Sponsor visibility in proceedings of the conference

At any given moment of communication to the registered visitors all sponsors that have been confirmed at that point of time will be mentioned in the footer by name and/or logo.

### Announcement during opening and closing

During the opening and closing of the conference all sponsors will be highlighted and thanked for their contribution. During the opening the visitors will be encouraged to visit the sponsors who are present with a booth.
